**MTP-4 Processing Machine
Shrinking Heavy Duty XL Shrink Tube.**

The Future of XL Heat Shrink tube processing is here!
 The New Haloblaze MTP-4 Processing machine. Shrinking Heavy Duty XL shrink tube easily, quickly and safely. Furthermore it has unrivaled capability when compared with traditional shrinking methods. If you've ever tried shrinking large diameter tubing you will know this is especially time consuming, awkward and requires constant operator concentration. The MTP-4 looks to address these issues by simplifying the process. In addition, due to the open plan design it is easy to build bespoke holding or sliding fixtures around the heat chamber.
